ELIT Seminar 2: Empathy and Health Benefits of Shared Reading

The aim of the seminar is to build bridges between Shared Reading practitioners and Shared Reading research. In the first part of the seminar, the organisers will share the recent research findings of ELIT projects focused on Shared Reading and how such research findings are being translated into real-life solutions. The second part of the seminar is dedicated to stimulating new research questions starting from challenges Shared Reading Organisations (including non-academic partners) face in their daily practice to promote and inspire the next steps in the field.

Date: 28th June 2023

Location: Hybrid, Teams and VU Amsterdam
